Cheater Quilts - Panel Quilts
One in the Same

Kacey Cowdery is a Surface Pattern Designer with many collections to see on her website. She began her career in Interior Design working for architects. Then added fiber art to her repertoire. Now Surface Pattern Design.

One yard of fabric with a print at 56”W, accommodates a 35” x 35” quilt top and enough fabric for a narrow binding. Another yard of fabric and a fat quarter of coordinating patterns are all you need for the quilt back. Easy quilts and patterns that look great together!

Beginners are put at ease. Experienced quilters get a head start with “Celebration” quilts. This size is perfect for gifts and for creating an heirloom. Just right for wall hangings. Start a new tradition, swap out quilts for each celebration.

Dive in with simple information to purchase fabrics, and how to cut fabrics using diagrams. How to built a quilt sandwich, then follow instructions to make a finished quilt.
